Dear Parents,

INFORMATION: 2022 P3 TO P5 ASSESSMENT

1. In line with national objectives of reducing the overemphasis on academic results, our school has reduced the number of examinations to free up curriculum time for teachers to optimize teaching. This enables teachers to fully employ engaging pedagogy and formative assessment techniques to deepen learning and support our students in these 'transition years' that typically see them being exposed to higher demands in subject mastery and content rigour.

2. Academic progress for these levels will be monitored through classwork, lesson participation, Weighted Assessments (WAs) and Examinations to assess a student's understanding of the skills and concepts taught.
    a. The End-of-Year (EYE) examinations will be conducted in Term 4 for all levels.
    b. WAs will take place during subject periods but may not be conducted in a conventional exam setting so as to reduce stress. WAs carry some weighting and contribute to a student's overall grade at the end of the year.

3. The weighting for each term's assessment is as follows:

	Term 1	Term 2	Term 3	Term 4
Primary 3	WA (10%)	WA (10%)	WA (10%)	EYE (70%)
Primary 4	WA (10%)	WA (10%)	WA (10%)	EYE (70%)
Primary 5	WA (10%)	WA (10%)	WA (10%)	EYE (70%)

4. Please see overleaf for the various modes of assessment from P3 to P5.

5. The intent of assessment is to provide teachers and students with feedback on the quality of learning. Please note that marks will not be used to allocate students to classes at the end of the year.

6. Should you have any query, please contact your child's Form Teacher. The 2022 list of form teachers and their email addresses can be found on our website http://chijourladyofthenativity.moe.edu.sg

Thank you & God bless,

Ms Christina Teo
